Part III DETAILED ACTION

1. Claims 4, 6, 9, 11, 24, 26-27, 29, 66-70 and 72-74 are pending.

The following new ground of rejection is necessitated by the amendment filed 7-15-02.

The following is a quotation of the first paragraph of 35 U.S.C. 112:

The specification shall contain a written description of the invention, and of the manner and process of making and using it, in such full, clear, concise, and exact terms as to enable any person skilled in the art to which it pertains, or with which it is most nearly connected, to make and use the same and shall set forth the best mode contemplated by the inventor of carrying out his invention.

2. Claims 4, 6, 9, 11, 24, 26-27, 29, 66-70 and 72-74 are rejected under 35 U.S.C. 112, first paragraph, because the specification, while being enabling for inhibiting T cell activation in vivo to the agonist peptide, does not reasonably provide enablement for inhibiting all T cell activation. The specification does not enable any person skilled in the art to which it pertains, or with which it is most clearly connected, to use the invention commensurate in scope with these claims.

As is clearly demonstrated in Figure 9A and B in the specification, the Ig-PLP-LR construct caused T cell proliferation in vivo when T cells from mice injected with the construct were interacted with by the PLP-LR peptide. Since the construct caused stimulation of T cell to the antagonist peptide when an antagonist-Ig construct was given in vivo, the full scope of the claimed invention is not enabled.

3. Applicant's amendment necessitated the new ground(s) of rejection presented in this Office action. Accordingly, **THIS ACTION IS MADE FINAL**. See MPEP § 706.07(a). Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for response to this final action is set to expire THREE MONTHS from the date of this action. In the event a first response is filed within TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event will the statutory period for response expire later than SIX MONTHS from the date of this final
